1. Safeguarding Policy Statement

- 1.1 Ipswich Sports Club acknowledges the duty of care to safeguard and promote the welfare of children and adults at risk. The Club is committed to ensuring safeguarding practice reflects statutory responsibilities, government guidance and complies with best practice and the requirements of the respective National Governing Bodies (LTA, England Squash and England Hockey). A copy of the Club's full safeguarding policy is available from the General Manager.
- 1.2 The Club's safeguarding policy recognises that the welfare and interests of children and adults at risk are paramount in all circumstances. It aims to ensure that regardless of age, ability or disability, gender reassignment, race, religion or belief, sex or sexual orientation, socio-economic background, all children:
 - 1.2.1 have a positive and enjoyable experience of sport or leisure at Ipswich Sports Club in a safe and inclusive environment
 - 1.2.2 are protected from abuse whilst participating in all activities.
- 1.3 Ipswich Sports Club acknowledges that some children, including disabled children and young people or those from ethnic minority communities, can be particularly vulnerable to abuse and we accept the responsibility to take reasonable and appropriate steps to ensure their welfare.

 - 1.4.1 promote and prioritise the safety and well-being of children and adults at risk
 - 1.4.2 ensure everyone understands their roles and responsibilities in respect of safeguarding and is provided with appropriate learning opportunities to recognise, identify and respond to signs of abuse, neglect and other safeguarding concerns relating to children and adults at risk
 - 1.4.3 ensure appropriate action is taken in the event of incidents/concerns of abuse and support provided to the individual/s who raise or disclose the concern
 - 1.4.4 ensure that confidential, detailed and accurate records of all safeguarding concerns are maintained and securely stored
 - 1.4.5 prevent the employment/deployment of unsuitable individuals
 - 1.4.6 ensure robust safeguarding arrangements and procedures are in operation.
- 1.5 The Club's policy and procedures will be widely promoted and are mandatory for everyone involved in Ipswich Sports Club. Failure to comply with the policy and procedures will be addressed and may result in dismissal/exclusion from the Club.
- 1.6 Ipswich Sports Club recognises that there will be some occasions where a service is provided on behalf of ISC. When this happens ISC will seek to ensure that the service provider, where appropriate, has the same standards in respect of safeguarding. Where the service provider is subject to appropriate governance then the expectation is that they will comply with their safeguarding responsibilities. Where concerns are identified these will be dealt with appropriately and may result in another service provider being sought.

- 1.7 Where the service being provided directly relates to children or vulnerable persons then checks will be made to ensure that there are no safeguarding concerns.
- 1.8 The Club's safeguarding policy will be reviewed every two years, or sooner in the following circumstances:

 - 10.1.3 We create a culture where inclusive leadership thrives
 - 10.1.4 We take a proactive approach using positive action to ensure that communities and individuals are valued and able to achieve their full potential.
- 10.2 To achieve these aims we believe that everyone has a vital role to play in promoting diversity and inclusion and we ask everyone to become Safe and Inclusive Champions – proactively promoting Safe and Inclusive sports and activities, and taking action against all forms of discrimination.
- 10.3 As a club we contribute actively to enable more people to take part in sports and leisure activities more often, in a manner that it is safe, inclusive, and fair. This applies regardless of a person's age, disability, gender reassignment status, sex, marital or civil partnership status, pregnancy or maternity, race, sex, sexual orientation, religion, race or sexual orientation, socio-economic status or any other background.

- 10.4 We recognise that many concerns and / or disclosures may have both safeguarding and diversity and inclusion elements to them. This is reflected through this policy as the reporting procedures, replicate the safeguarding concern reporting procedures.

16. Changing Rooms

- 16.1 When using the toilets and changing rooms, all children under the age of 13 years must be accompanied by an adult (parent/carer); they must not be left unattended at any time.
- 16.2 Children aged 9-18 years, depending on their gender, must use the appropriate male/female toilets and changing rooms. If they do not wish to do this then there is the option of using the Disabled Toilet which is clearly marked.
- 16.3 Due to the risks of inappropriate photography or filming, mobile phones or any other device must not be used for that purpose within the changing area. Filming and photography is strictly prohibited. Any concerns should be raised immediately with Club Staff or Club Safeguarding Officer(s).
- 16.4 Mobile phones should be used sensitively in these areas and with respect to other people using the facilities.
- 16.5 If children are uncomfortable changing or showering at the Club, no pressure should be placed on them to do so. Parents/carers should suggest instead that they may change and shower at home.
- 16.6 Adults at risk should be accompanied by a parent / carer when using the toilets or changing rooms.
- 16.7 If anyone has any concerns with the above, please contact the Club Welfare Officer or General Manager.

17. Unsupervised Children

- 17.1 Any child, that is someone under the age of 18 years old, remains the sole responsibility of their parent or guardian at all time – whether they are accompanied or not.
- 17.2 It is a decision for the parent or guardian as to whether their child is an appropriate age to be left unsupervised. If the staff have concerns, then they will refer these to the Welfare Officer and General Manager. While normally respecting the decision of a parent / guardian in this regard the Club reserves the right to insist upon a child not being left unsupervised.
- 17.3 Staff are not able to supervise children when they are at the club.
- 17.4 When a child attends for a coaching lesson and is left at the club, the coach will be responsible for them during the lesson only.
- 17.5 Parents / carer are encouraged to remain on site during lessons or activities.
- 17.6 Parents / carer must have made appropriate arrangements for the end of the lesson
- 17.7 Children Under 13 must be accompanied when using the changing facilities
- 17.8 Children Under 17 must be accompanied when using the gym
- 17.9 In the event that a child has been left at the club, they must have full contact details in the event that they need to call their parent or guardian, or are involved in an accident.
- 17.10 The parent / carer must ensure that in the event that they are delayed collecting their child, the child knows what to do.
- 17.11 Parents must be aware that there are certain areas of the club that pose a greater risk than others. For example, there have been incidents of unsupervised children climbing over the squash balcony and playing on the car park and driveway.

18. Player Conduct

- 18.1 Appropriate conduct is important to ensure that everyone can experience a safe, welcoming and friendly environment.
- 18.2 Players, spectators and coaches should refrain from any aggressive, confrontational or intimidating behaviour of any kind.
- 18.3 A child or adult at risk should never be forced to take part if they don't want to.
- 18.4 A child or adult at risk should never be punished or belittled for their performance or making mistakes.
- 18.5 During competitions or team matches, aggressive, confrontational or intimidating behaviour towards, or witnessed by children or adults at risk, may be dealt with by the officials, but these incidents should still be reported to the Welfare Officer as a potential safeguarding concern.

19. Photography and Recording

- 19.1 Taking photographs or videos of children can be a very sensitive issue and consent should always be sought from the parents/carers of the children involved, before any images are taken.
- 19.2 During organised club events, anyone wishing to take photographs or video, should register this with the event organiser or club management. They will be asked to provide their name and the reason for taking photographs or video.
- 19.3 The event organiser or club management may ask anyone not registered to stop using photographic equipment and delete any images that may have been taken.
- 19.4 Any images taken by the club officials or coaches will focus on the activity and not a particular young person. It should not exclude anyone as a result of a protected characteristic.
- 19.5 Where ISC live stream activities involving children, it will where possible be a delayed broadcast to allow for it to be stopped in the event of anything inappropriate being inadvertently and unintentionally captured.
- 19.6 Due to the specific nature of hockey – the size of the pitch, the number of participants and spectators – Ipswich Sports Club will make it clear via notices that anyone wanting to record images should register this with the Welfare Officer (Safeguarding Lead). This can be done electronically and the person taking images will confirm they are aware of this policy.
- 19.7 On occasion images may be recorded for coaching and player development purposes. These will not be shared or posted on social media. If this is during a match then the opposition should be made aware of this.
- 19.8 If someone has concerns about inappropriate photography, or feel worried about someone filming or recording, this should be reported immediately to the event organiser, club management or welfare officer.
- 19.9 Where images are taken of a child or adult at risk by representatives of Ipswich Sports Club (coaches, staff etc) consent must first be obtained.
 - 19.9.1 Consent should be sought from the event organiser; and parents / carers of all children involved.
 - 19.9.2 In order to obtain consent you must explain why you are taking the images and what they will be used for. This ensures that parents or carers are giving informed consent.
 - 19.9.3 All parties are appropriately dressed with clothing covering their torso from their neck to thighs, e.g. a t-shirt and shorts or skirt;
 - 19.9.4 Any inappropriate use of images should be reported to the welfare officer
 - 19.9.5 Where images are going to be shared on social media, or via the club website, consent must have been obtained from the parent/carer responsible for the child.
- 19.10 If ISC employ a professional photographer (paid or otherwise) they will be made aware of this policy by the person engaging their services to ensure that any images taken are appropriate.

- 19.11 Under no circumstances should one to one photograph shoots take place with an junior, unless a parent or carer is present.
- 19.12 There is no specific law prohibiting the photography of individuals (including children) in public places providing that they are not indecent, however any concerns should be reported to the Welfare Officer (Safeguarding Lead).
- 19.13 The above is permitted, provided the behaviour does not amount to harassment or a breach of privacy. Whether the behaviour amounts to harassment or a breach of privacy will depend on the facts in each case.

20. Lifts and Trips

- 20.1 Ipswich Sports Club acknowledges that organising transport to team matches and tournaments can be very difficult, however this is a potential safeguarding concern.
- 20.2 Where a coach, volunteer or other player will be transporting a child or adult at risk to a match or tournament, they must ensure that there is another adult present. If that adult is not the parent of the child or children in the car, then prior permission should be sought from the child's parents or carers. They must have given written permission (letter, e-mail or text message would be appropriate).

21. Recruitment, Vetting and Training

- 21.1 Ipswich Sports Club is committed to ensuring that relevant checks are made when recruiting staff who will be working with children and adults at risk.
- 21.2 Coaches are responsible for ensuring that they have complied with their respective National Governing Body in terms of accreditation. Ipswich Sports Club reserves the right to request to see a coach / trainers qualifications and accreditation.
- 21.3 The Welfare Officer will ensure that the following training / awareness sessions take place:
- 21.3.1 Board of Directors will receive an awareness session annually, or by exception if legislation changes, or a specific area of concern is identified
- 21.3.2 Cub Council will receive an awareness session annually, or at the request of the Board of Directors by exception if legislation changes, or a specific area of concern is identified
- 21.3.3 All Committee Chairs (Tennis, Squash, Hockey, and Gym and Fitness) will receive an awareness session annually.
- 21.3.4 All new members of staff (including bar staff) will be required to attend an awareness session at the start of their employment (within 3 months of starting).
- 21.3.5 Coaches and Trainers will receive an awareness session annually.
- 21.3.6 All Team Captains will receive an awareness session before the start of each season.
- 21.3.7 Where it's not possible to attend in person, a pre-recorded session will be provided and must be watched.

22. Social Media

- 22.1 It is generally accepted that WhatsApp and other similar platforms are used within sports teams to update players. This presents some issues when it involves children. Firstly, it is accepted that whenever an adult communicates with a child, the parent should be copied in, or best practice is that the parent is messaged and they pass it on. With this in mind, if the parent is in the same WhatsApp group then it would ensure that they were aware of the content of any messaging. The second issue, and of even greater concern, is that groups reveal the telephone numbers of all participants and therefore any member of the group could then make direct contact with a child, or pass the details onto an unknown third party. As such no child under the age of 16 are to be part of these groups.

Appendix C - Glossary of Terms

Safeguarding: protecting **children** from abuse and neglect, preventing the impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care, and taking action to enable all children to have the best life chances. Enabling **adults at risk** to achieve the outcomes that matter to them in their life; protecting their right to live in safety, free from abuse and neglect. Empowering and supporting them to make choices, stay safe and raise any concerns. Beginning with the assumption that an individual is best-placed to make decisions about their own wellbeing, taking proportional action on their behalf only if someone lacks the capacity to make a decision, they are exposed to a life-threatening risk, someone else may be at risk of harm, or a criminal offence has been committed or is likely to be committed.

Abuse and neglect

Physical abuse: A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child or adult at risk. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces illness

Sexual abuse: Involves forcing or enticing a child or young person to take part in abuse sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children

Emotional abuse: The persistent emotional maltreatment of a child or adult at risk such as to cause severe and persistent adverse effects on their emotional development. It may involve conveying to a child/ adult at risk that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person; not giving them opportunities to express their views; deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed, including interactions that are beyond a child or adult at risk's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing them participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing a child or adult at risk to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Neglect: The persistent failure to meet a child/ adult at risk's basic physical and/or psychological needs, likely to result in the serious impairment of their health or development. It may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child/ adult at risk from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's or adult at risk's basic emotional needs. Neglect may occur during pregnancy as a result of maternal substance abuse.

Additional examples of abuse and neglect of adults at risk

Financial abuse: having money or property stolen; being defrauded; being put under pressure in relation to money or other property; and having money or other property misused.

Discriminatory abuse: treating someone in a less favourable way and causing them harm, because of their age, gender, sexuality, gender identity, disability, socio-economic status, ethnic origin, religion and any other visible or non-visible difference.

Domestic abuse: includes physical, sexual, psychological or financial abuse by someone who is, or has been a partner or family member. Includes forced marriage, female genital mutilation and honour-based violence (an act of violence based on the belief that the person has brought shame on their family or culture). Domestic abuse does not necessarily involve physical contact or violence.

Psychological abuse: including emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, isolation or withdrawal from services or supportive networks.

Organisational abuse: where the needs of an individual are not met by an organisation due to a culture of poor practice or abusive behaviour within the organisation.

Self-neglect: behaviour which threatens an adult's personal health or safety (but not that of others). Includes an adult's decision to not provide themselves with adequate food, clothing, shelter, personal hygiene, or medication (when indicated), or take appropriate safety precautions

Modern slavery: encompasses slavery, human trafficking, criminal and sexual exploitation, forced labour and domestic servitude. Traffickers and slave masters use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment.
